Special Arts Services

Susan Peirez, Program Director, susan.peirez@arts.ny.gov

In the Special Arts Services grant category, support is available for organizations that provide programs that enhance access to the arts for historically underserved communities. Examples of programs eligible for grants in this category are: activities that bring the arts to isolated geographic areas and to communities with high rates of poverty, programs for people with disabilities, scholarship programs for arts training and tuition-free or low cost classes serving students from historically underserved communities and students with disabilities, and arts programs that promote multicultural and intergenerational communities.

Special Arts Services supports the activities of established and emerging organizations and professional training in arts disciplines to promote advanced study or entry of underserved artists towards an arts career. Special Arts Services encourages collaborations and innovative projects, whether they are multi-disciplinary activities or in a specific discipline of the performing arts, visual arts or media.

Though all Programs supported by NYSCA must be open to the general public; programs supported by Special Arts Services must specifically occur within and primarily directed for the underserved communities it seeks to serve.

Community-based organizations may apply for Special Arts Services grants that would support activities outside of their communities, but these programs must be primarily marketed to the specific underserved community served by the applicant, and the activities must relate directly to the mission of the organization.

The NYSCA grant program strives to make investments of public funds that serve all communities and people that comprise New York State's citizens and visitors. NYSCA strongly supports, values and encourages the sustained and concerted efforts of non-profit art, culture and heritage organizations to be inclusive and to reflect in their workforces, artists and programmatic offerings New York State's diversity of people, geography and artistic interests.

REGRANTS AND PARTNERSHIPS

Susan Peirez, Program Director, susan.peirez@arts.ny.gov

The Council may contract with nonprofit organizations to administer targeted funding and technical assistance in areas not directly funded by NYSCA Programs. These activities are carried out with funds granted through the Regrant & Partnerships category.

Application to the Regrants & Partnerships Programs category is by invitation only. Applicants are required to obtain NYSCA staff approval prior to submitting a request in this category. This category covers a range of services from the administration of technical assistance funds to fees for artist appearances. Services can either have a long-term role in the arts community or be developed to meet a short-term need. Some organizations may use a panel review process to determine regrant awards for their projects, while others may be limited primarily to assigning and accounting for consulting services. A working knowledge of the target audience, arts discipline, and service area is essential for those organizations receiving grant contracts in this category. Organizations applying to the Council in this category must show a willingness to reach beyond their membership in providing services or regrant awards.

Administrative costs for delivery of services can vary depending on the nature, depth, and scope of the work, but should rarely exceed 15% of project costs. Organizations receiving support for regrants in this category are required to report on the distribution of funds, describing the demographics of the recipients.
